Train Wreckers Make Record Of
Death And Heavy Property
Loss.

THEIR OBJECT IS UNKNOWN

Officials Looking For Criminals
Operating On North Shore
Railroad.

San Francisco, July 10.—Three re-
cent mysterious wrecks on the North
shore railroad, with a record of death
and suffering, are now believed to have
been the work of cold blooded train
wreckers, whose motives are unknown.
Within the past two days two unsuc-
cessful attempts have been made to de-
rail trains near where the previous dis-
asters occurred.

Some days ago a freight train was
brought to a sudden stop on a curve
south of Camp Placerville. The jar was
a heavy one and nearly lifted the en-
gine from the rails. The train was
proceeding at the time at about one-
fourth its usual speed, thus averting the
serious wreck. It was found that a
heavy piece of rail had been securely
lashed across the rails with stout wire.
This attempt was followed by another
yesterday morning, when a handcar pas-
senger train was thrown from the
track and one of the section hands was
severely injured.

On investigation an old drawbar, used
for coupling, was found securely tied in
side the rail in such a position as al-
most to pass unnoticed.

General Manager Bank said today:
"We are making every effort to find
the guilty parties and I regret exceed-
ingly that the matter has been made pub-
lic before any arrests have been made."

APPROPRIATION FOR FAIR.

Oregon Will Ask For \$200,000 To Assist
Great Event.

A joint conference of the Oregon con-
gressional delegation and a committee
in behalf of the Lewis and Clark fair
was held in Portland yesterday for the
purpose of discussing the question of
obtaining an appropriation for the fair
at the next session of congress. While
a final decision was not reached it was
nevertheless practically decided to
ask for \$200,000 as a general appropria-
tion and \$100,000 additional for exhib-
its from Alaska and the Pacific posses-
sions. Following the suggestion of
Senator Mitchell, it was decided to later
appoint a committee of three to go to
Washington when congress convenes
to look after the interests of the appropria-
tion in particular and the fair in
general. A part of the business of the
committee will be to seek the loan of
fine statuary to be an exhibit from the
national government.

The appointing of the committee is
of prime importance, as pointed out by
one of the delegation, as members of
both houses in the east, many of
them, have announced themselves as
opposed to any appropriation as will
be asked for in this case. This view is
occasioned by unreasonable requests
made in the past. As the bill to be in-
troduced in behalf of the Oregon fair
does not come under this head, it was
agreed at the conference yesterday that
the delegation, assisted by the commit-
tee, would be enabled to overcome all
opposition and obtain the desired re-
sult.

CLOSED FOR REPAIRS.

The Wallula bridge is closed to
travel owing to its being out of re-
pair. The turntable has been rendered
useless by the breaking of some of the
cogs and until these are replaced
the bridge will remain closed. The
Pacific Iron works will do the repairing
and the work will be pushed with all
possible speed. It is hoped that the
bridge will be thrown open to the pub-
lic by tonight, but it is possible that
it will not be until next Monday.

MUSICIANS ARE SHOCKED.

High Art Placed on Footing With
Honest Labor.

New York, July 10.—At a meeting of
the Musical Mutual Protective union,
attended by 1000 musicians, represent-
ing practically all the New York thea-
ters and amusement places that or-
ganization has voted to ally itself
with the Federation of Musicians. This
is tantamount to an alliance with the
American Federation of Labor. Some
of the members express much dissatis-
faction over the vote. They declare
it to be the greatest blow ever struck
at musical art in New York, and that
the alliance "placed the musicians on a
footing with blacksmiths and truck
drivers."

ARE FIGHTING TREATY.

Systematic Opposition In Congress
and Out.

Panama, Colombia, July 10.—Accord-
ing to advices from Bogota, Senor Ter-
ran, one of the representatives for the is-
thmus is doing all he can within con-
gress and without to defeat the canal
treaty.

Ex-President Caro continues his sys-
tematic opposition to the treaty be-
cause President Marroquin has not
signed it. He proposes that the Uni-
ted States be asked to extend the time
for ratification, thus showing that the
discussion will be lengthy.

BRYAN GOING TO EUROPE.

Chicago, July 10.—A dispatch to the
Record-Herald from Lincoln, Neb.,
says:

William J. Bryan has announced his
intention of going to Europe this fall to
study sociology under monarchical
forms of government. It is the inten-
tion of Mr. Bryan to sail early in Sep-
tember and remain until the end of the
year.

ALL THE SAME JUNK.

New London, Conn., July 10.—The big
dynamite gun at Fort Wright, Fisher's
Island recently condemned and sold by
the war department has been blown to
pieces by the metal dealers who pur-
chased it. The gun and carriage
weighed 75 tons. One hundred pounds
of dynamite was required to reduce the
gun to marketable scrap iron.

BETTER THAN AVERAGE.

Wheat Crop Shows Above the Average
for Last 10 Years.

Washington, July 10.—The depart-
ment of agriculture returns show that
the average condition of winter wheat
on July 1, was 78.7, compared with the
10-year average of 79.2. Of spring
wheat the average is 82.5, as compared
with a 10-year average of 83.9.

STEPPED ON A MATCH.

Fire Communicated to Clothing, and
May Result in Death.

Denver, July 10.—Marie Murphy may
lose her life as the result of a peculiar
accident here today. She stepped on
a match in the street, and it ignited her
clothing. Several men ran to her as-
sistance but she was badly burned be-
fore the flames were extinguished.

THE FORESTER'S EXCURSION.

Tomorrow morning the largest crowd
that ever went on an excursion by boat
from this city will leave for Cathlamet
with the Forester's social club. At 6
o'clock last evening Secretary Foster's
records showed that 369 tickets had
been sold and there is no doubt that
there will be fully 500 on board when
the boat lands at the Cathlamet wharf
Sunday morning. The people of Cath-
lamet have made great preparations to
make the day one long to be remem-
bered. There will be a base ball game,
foot races of all kinds and many
other sports. The merchants of this
city have contributed the prizes for the
different sports. The newly organ-
ized Eagle military band, in their nobby
uniforms will discourse sweet music
during the day. The committee in
charge of the arrangements have
spared no means or expense to make
this excursion the success it promises
to be, and are certainly entitled to
great credit. There will be no intol-
erance of any kind allowed on the boat
nor will any questionable characters be
allowed. Taken all in all it will be a
very pleasant affair.

DYING FROM THE HEAT

Thirty-Eight Deaths And Eighty
Prostrations In New York
Yesterday.

HISTORY'S HOTTEST JULY 10

Crazy Negro Attacked Girls
Who Carried Ice And Nar-
rowly Escaped Lynching.

New York, July 10.—Thirty-eight
deaths and 80 prostrations occurred in
and around New York and Brooklyn to-
day, the hottest July 10th in the history
of the local weather bureau. The early
threat that the temperature would
break all records, however, was not ful-
filled.

At 1:20 the mercury stood at 94 de-
grees, but at 2 o'clock the temperature
had fallen 2 degrees. At 8 o'clock to-
night the temperature had fallen to 86
degrees, six degrees lower than at the
same hour Thursday. Between 5 and
7 o'clock the temperature fell seven de-
grees, following a thunderstorm south-
east of the city. The city had been
sweltering so long in the hot wave,
however, that it was hours before the
offices and tenements began to feel the
effects of the cool weather. In the
streets the cooling process was difficult,
men, women and children crowding the
walks to recover from the heat of the
day. Many slept on park benches and
when the police would permit it, in the
grass.

Daniel Lewis, a heat-crazed negro,
attacked with a club two girls who
were carrying a piece of ice. A mob
quickly gathered and shouted: "Lynch
him!" Lewis was rescued by the de-
tectives and sent to the hospital.

There was intense heat throughout
the state today, causing many prostra-
tions.

IN STATE OF SIEGE.

Prince Ferdinand Incenses His Quar-
reling Subjects.

London, July 10.—A dispatch receiv-
ed from Sofia, says the Odessa cor-
respondent of the Standard, leaves no
room for doubt that the gravity of the
situation in the Balkan principality is
daily and hourly increasing. Sofia is
practically in a state of siege. The
streets are patrolled by infantry and
wherever over three persons gather
they are threatened with arrest.
The position of Prince Ferdinand be-
comes daily more precarious. His abro-
gation of statutory laws and his treat-
ment of the Danef ministry have in-
censed his already disaffected subjects,
who openly accused him of planning to
carry out a coup d'etat similar to that
which led to the assassination of King
Alexander of Serbia.

have ordered a boycott on the steamer
Korea, plying between the mainland
and the orient, for refusing Chinese-
Americans to visit the vessel while at
this port.

IMPOSTER KOCH EXPOSED.

Fake Tuberculosis Cure Which Has
Done Big Business Will Be
Ousted.

New York, July 10.—Counsel for the
New York County Medical society has
investigated the methods of an alleged
tuberculosis cure bearing the name sim-
ilar to that of a high German physi-
cian.

The concern has places of business in
New York, Philadelphia, Boston, Pitts-
burg, Chicago, Cincinnati, St. Louis and
half a dozen other large cities and is
said to be doing a large business on the
strength of the reputation of the Ger-
man specialist. It is said the attention
of the district attorney has been called
to their representations and a gen-
eral warfare upon them is to be in-
stituted.

Eminent physicians in this city are
said to hold letters from the German
doctor denouncing the managers of the
American concern as charlatans and
urging that they be exposed and stop-
ped from further beguiling suffering
humanity in his name. The board of
health has sent a notice that the man
who is known as the head of the insti-
tution is not registered here and has
not authority to practice in New York
state. He is said, however, to have
been graduated from a Missouri med-
ical college, and to have been placed at
the head of the concern by its promot-
ers because of the name he bears—the
same as that of the German doctor.

MUCH SUGAR FROM CUBA.

Havana, July 10.—Cuba exported 550-
300 tons of sugar during the first six
months of 1903, exceeding the exports
during the same period of 1902 by 244-
000 tons. The amount on hand is esti-
mated at 338,400 tons, which is 90,000
tons less than a year ago.

BURNED WITH HOT METAL.

Three Laborers in Colorado Meet Awful
Death.

Pueblo, Col., July 10.—Three laborers
were burned to death at the steel
works today and two others injured.
The men were passing a blast furnace
on their way home when the vent blew
out, enveloping them in flames, hot
metal and cinders.

POPE LEO MAY RECOVER

Latest Operation Indicates That
Life May Be Prolonged
Yet Awhile.

QUIET AND PAINLESS DAY

Woke In Night And Asked For
Food—Toward Morning
Was Restless.

Rome, July 11.—(4:50 a. m.)—Another
operation which was performed yes-
terday has brought further relief to
Pope Leo and by it the possibility of
his life being prolonged, was increased,
but it can hardly be said that the oper-
ation improved his chances of recov-
ery.

News just received from the Vatican
says the pope is now lying in a restless
condition after having had a good sleep
during the early hours of the morning.
As the immediate result of yesterday's
operation, the pope spent a quiet and
almost painless day.

Shortly before midnight the condition
of the pontiff was reported to have un-
dergone no change, and it was added
that he had just dropped peacefully in-
to a sleep. At that hour all within
the palace was quiet, the pontiff's apart-
ment alone showing signs of life. The
pope slept until nearly 2 o'clock this
morning, when he awoke, seemingly
more refreshed, and asked for food.
His pulse was taken and was found to
vary from 87 to 92. His temperature
was 94 degrees and his breathing ir-
regular. The latter part of the night
was not so good, owing to the restles-
ness and uneasiness of the patient.

PAYS POPE TRIBUTE.

Akron, O., July 10.—At last evening's
session of the national convention of
the Universal Young People's union,
prayer was offered for the pope and tri-
bute of President Adhes to the pope
was applauded. Kyosh Satoh, a Jap-
anese graduate of Tufts college led the
devotions.
